CITY FACTS AND FA C S.

NOTICE.

On and after this date we will receive CORN in payment for subscription at the Junction City cash price.

We must have some Wood. Who will bring it?

No returns as yet from Dickinson county. We cannot account for the delay.

The Kansas Second Regiment were paid off on the 15th, so report says.

The Kansas Falls Saw Mill is in full operation.

Religious services at Taylor's Hall at 11 o'clock, A. M., by the Rev. Mr. Todd. Sabbath-school at three o'clock, P. M.

Being short handed last week, we were obliged to suspend the issue of the Union. It won't occur again.

The Junction City Distillery is fast approaching completion. "Sad corn" must decline in price soon.

Henry Ganz, at Taylor's old stand, is still prepared to feed the hungry, clothe the naked, and do most everything else "cheap for cash."

SU-PENDED.—Strickler has been obliged to suspend work on his new store, owing to the failure in procuring brick. We presume it will be impossible to resume operation before next Spring.

The daily mail is now in full operation between Leavenworth and Junction City. It is carried by coach and buggy, alternately. The coach leaves Junction on Tuesdays, Thursdays and Saturdays, at 2 P. M.

Farmers who have sown winter wheat inform us that it is "doing well." Broad green fields can now be seen in most any direction.

We are gratified to learn that the Rev. Mr. Todd is about to make our city his permanent residence. He has formerly resided at Madara, some 15 miles up the Republican river.

McMeekin, the popular traveling agent of Ryan, Merchand & Co., of Leavenworth, passed through town last week en route for home. He has been spending some time at Fort Wise, C. T.

When you go to Manhattan don't forget to stop at the Manhattan House, kept by Mr. G. L. Coleman. It is one of the best houses in Kansas, and Mr. C. is a No. 1 landlord.

At the late election in Pottawatomie county, Louisville was selected as the County Seat. It is a thriving little place, and we are glad to learn of its success. A splendid saw and grist mill is now being erected there.

RETURNING.—The portion of company B, Second Kansas who went from this city, will be home in a day or two. They have all received their "Treasury notes," and we presume feel mighty good. Some of the boys intend re-enlisting as soon as they can arrange their affairs here at home. It is hinted around that Stover has a commission as Captain in a Cavalry Regiment. We hope it's true, for he surely deserves it.

A SABBATH-SCHOOL.—Now that the election is over, and the excitement incident thereto fast dying away, we propose to keep our people alive to any and every thing that may conduce to our moral and social well-being as a community. Last Sabbath we had the pleasure of listening to a very interesting discourse on the subject of the Education of the Young, by the Rev. Mr. Harford. It was an appeal for the Sabbath-school cause, in which the truth was plainly presented, and the duty incumbent upon parents made apparent to all. Efforts are being made by some of our citizens to affect an organization of this kind; indeed quite an interesting group of children were gathered at the Hall last Sabbath, in numbers which augurs well for its success. We trust our citizens will not be backward in taking hold of this matter, but will give it all possible encouragement. We shall allude to this and other matters of reform from time to time.

The Vote of Wabunsee County.

The following is the vote of Wabunsee county for Representatives. Mr. Ingersoll's running behind the ticket is attributable to the existence of local issues in that county. Mr. Pierce lost some twenty or twenty-five votes, there being a mistake in his name on a portion of the tickets. The vote for Messrs. Montague and Freeman is the "Democratic" strength of the county, the manifesto about the "buzzard" sheet to the contrary. Flattering!

THE ELECTION.

No doubt is now entertained of the Capital location. Topeka is the lucky point by 2,500 majority. The State ticket was generally voted for throughout the State. We have seen no returns that would indicate whether the Banking Law was ratified or not, but presume it is. Throughout the State good feeling prevailed on election day. Douglas county managed to get all her voters out, something she has been unable to do heretofore.

Davis's Cavalry Regiment.

G. E. Bates, late of company B, Kansas second, is in town recruiting for Col. Davis's cavalry Regiment. Mr. Bates is so well known that any "puff" from us is useless. Prior to the breaking out of rebellion he was a citizen of Junction, where he had resided for upward of three years. He was among the first in this section to take up arms when the call for troops was made, and served faithfully through the Summer in the memorable campaign in Missouri, and received the highest encomiums from both his officers and companions for soldierly deportment, and gallant action on the field. He is well versed in the "science of arms," and we recommend him to all who are desirous of enlisting, as the very man to "tie to." Of the Regiment for which he is soliciting recruits, a correspondent of an exchange paper speaks as follows:

Among the new regiments, I beg leave to mention by name that of the "Excelsior Cavalry," commanded by Hon. A. C. Davis. I predict for this regiment a glorious future. Its material thus far is decidedly above the ordinary standard, and the high character and ability of its officers promise an efficiency of service not often excelled. Col. Davis himself is a young man of the finest physique and bearing, with all the most honored traits of the soldier. He is generous, patriotic and brave—just the man to be idolized by his men and dreaded by the rebels. And the sequel will show that these words of commendation are not unworthily bestowed. His regiment will soon be complete.

The telegraph informs us that the would-be Commissioners to the European Courts, Messrs. Mason and Sill, have been captured and are now living at the expense of their former Uncle Samuel, in one of his fine boarding houses.

The Vote in Lawrence.

At the late election, the city of Lawrence polled upwards of 1100 votes. The papers in the different parts of the State express fears that the purity of the ballot box has been defiled down there. The following extract from the leading article in the Lawrence Republican immediately after the election looks very bad:

We have no desire to dwell upon details, but we should be recreant to our trust as a journalist, and our honor as a man, if we failed to ferret out and hold up to scorn the vile means resorted to! Twelve hundred votes in Lawrence! Is there an honest man who walks our streets whose cheek is not crimsoned when he looks these figures in the face?

Every man in Lawrence who regards the fair fame of our city, owes it to himself to shake off from the skirts of our citizens the odium of the scenes of Tuesday. The success, the honor, and the future glory of our city demand it.

New Military Department.

The following dispatch appeared in the Leavenworth Conservative of the 13th inst. It is entirely authentic:

WASHINGTON, Nov. 12.
EDITOR CONSERVATIVE:—We have been granted our Western Division, GENERAL HUNTER has been assigned the command. The headquarters are Fort Leavenworth.

W. O. COFFIN.

This is a most important movement for Kansas, and one which our people have long been waiting. Of General Hunter, to whom has been given the command of the new department, the same paper has the following:

The gentleman who has been assigned the command of the Department of Kansas, has been known to the country for many years as an experienced soldier, a man of rare military ability and of great wisdom, and consequently invariably successful. He will soon be here, not to make an experiment, not to ascertain whether he is equal to the task, but to use his ripe experience for the successful accomplishment of all measures necessary for crushing rebellion and saving the West.

The recent record of Gen. Hunter is not less illustrious than his past history. Among the few names, Blenker, Sprague, Corcoran, who reflected honor on our arms at Bull Run, that of Gen. Hunter stands out most prominently. His skill and courage did much to alleviate the disaster of that fatal day. And we believe his fitness for this post is increased from the fact that he is a Republican. He takes no narrow view of this contest. He knows the cause of the National danger and he will not hesitate to strike hard and strike home.

It is very encouraging that both General Scott and General McClellan declare that this war cannot be long. The former is more definite than the latter in limiting its duration. General Scott, before the Chamber of Commerce and the Union Defense Committee, on Friday, avowed he "had no doubt" that General McClellan and Halleck "will achieve a successful and honorable peace within a few months." These gentlemen, overlooking the whole field and understanding the opposing forces better than ordinary observers can do, speak positively—not boastfully, but with calm confidence. The country may well have faith in their opinions on this subject.

The London Times, in an editorial, says that efforts are being made to induce the government to interfere in American affairs, and says England will rather undergo much suffering than break the plain rules of international law. England has recognized the blockade, and must abide by it. To break it would disgrace and stain her reputation. She will not commit such an act, even to save her greatest manufacturers. The article concludes by saying, it would ill become the tool of Southern machinations, which by withholding cotton count on compelling foreign nation to take sides with them.

MILITARY ENTHUSIASM AT THE WEST.—"No one can doubt," says Dr. Russell in his last letter to the London Times, "the enthusiasm of the people at present. From Racine, through Chicago, at Pittsburg, Harrisburg, in Ohio, Indiana, Pennsylvania, the scene along the road was the same—men drilling, companies arriving and departing, regiments moving off in the trains from the dim eyed mourners who filled the station, Union flags flying from staff and steeples, advertisements on the walls offering various inducements in rival corps—boys and children dressed in Uniform, and shondering mimic muskets—three-fourths of the passengers in every train wear some sign or token that for the time they are soldiers."

U. S. DISTRICT ATTORNEY.—In answer to numerous inquiries from different portions of the State, we would say that Robt. Crozier, Esq., has been appointed and is now District Attorney for Kansas. The appointment is a judicious one and will give entire satisfaction to the people of Kansas. Mr. Crozier is an able lawyer, and is entering in application to the duties of his profession.

Twenty five rebel prisoners were lodged in the military prison at St. Louis, on Saturday last. They were brought in from different portions of the State. A large number of them were taken while under arms against the Government.

QUINCY, Nov. 15.
New York dispatches of the 14th state that Secretary Chase will appoint a Collector for Port Beaufort. Cotton will at once be shipped from there to England.

Further from the Fleet.

The Federal fleet is reported to have passed Florida yesterday, bound South. General activity prevails in strengthening the defenses of the city, and a general feeling of security prevails.

The same paper says the steamer Fingal has arrived at Savannah, with a cargo of war munitions, &c.

The Richmond Dispatch says: We have information that the authorities of South Carolina have communicated with the Government upon the subject of hoisting the black flag, to which allusions have been made since the attack on the coast of that State.

It is believed that Gen. Lee has received orders from the War Department urging that those captured must be regarded as prisoners of war. It is said this will be disregarded by the authorities of South Carolina, and that the same course will be pursued as that adopted by Gov. Wise at the time of the John Brown raid, and that when South Carolina is done with the invaders, the Confederate Government can have them.

The fleet is understood to have gone to Pensacola. The news of another exploit may be expected soon.

BEST INTERESTS OF

WESTERN KANSAS

The Proprietor of the UNION, being desirous of extending its circulation throughout the western portion of the State calls upon all friends of a

GOOD SOUND UNION PAPER.

In Davis, Dickinson, Salina, Ottumwa, Morris, Clay, Riley, Pottawatomie and Wabunsee to assist him in so doing.
The establishment of a newspaper, in times like these, in a new country, is, of course, attended with many embarrassments, and were we not assured that he wants of the people and the material interests of this fair portion of our State actually required a medium through which to make known the many advantages we possess over other sections, and to attract hither the many thousand people who are constantly seeking homes in the great west, we should have relinquished the enterprise long since.

Our aim will be to make

"THE UNION"

A FIRST CLASS FAMILY JOURNAL

IN EVERY SENSE OF THE WORD.

In order that it may the more generally represent the interests of the west, and reflect the opinions of our people, we are soliciting communications from the various localities in this section, on all matters of a local and general nature.

Our terms of subscription are as low as we can possibly make them and live by it. In payment for the paper we are willing to receive nearly all kinds of farm produce, though a little cash is indispensable for procuring paper, ink, and paying printers.

The proprietor of the UNION, having at considerable expense fitted up a first class

A WAR JOURNAL.

The Proprietor of the "New York Pathfinder," desiring to manifest his zeal in the defence of his country, the honor of the Stars and Stripes, and the supremacy of the Constitution, proposes to establish a weekly Journal, devoted to the progress of the war, by land and sea, the entire profits to be devoted to the patriotic fund, for the support of the Volunteers and their families. It will be entitled

THE NEW YORK NAVAL AND MILITARY PATH-FINDER.

A large four page paper, and will contain a full and reliable account of the movements of the United States forces; the doings of the rebel army, and every item of news of the least interest connected with the Great Struggle. As the publisher will reap no advantage from this undertaking, it is hoped that they will be patronized as becomes a people determined to support the Union, and superior and maintain its brave defenders and their wives and families.

The NAVAL AND MILITARY PATH-FINDER will be published on Monday next, the 29th of April, and every succeeding Monday. Price, five cents per copy.

Yearly subscriptions, \$3.00. Shorter periods in proportion. A limited number of Advertisements received. All orders, communications, &c., to be addressed to the "Editor of the Naval and Military Path-Finder, 66 John Street, New York" (nbf)
